Classes in the morning: Mon-Fri, 09-12

Basics of grammar and vocabulary taught through lectures and exercises. Training in reading and writing skills up to CEFR level **A2/B1/B2**. Students in the Advanced Icelandic Course have typically a variety of backgrounds and teaching will therefore be individualised.

Electives in the afternoon

Electives focus on exercises in the society: You will improve your Icelandic by exercises in a super-market as well as in the bakeries and the backstreets of Ísafjörður.

Electives are taught together with the Erasmus-/Nordplus Exchange students. Thus, we can offer a variety of 4-5 classes on different levels at a time. Electives are to be booked via the virtual classroom MySchool on www.UWestfjords.is before or during the course. There is a maximum number of places for each elective, according to didactical reasons. The electives consist of pronunciation and conversation exercises for small groups, language games, problem-based learning, but here you will also find lectures in easy Icelandic (you will be surprised how much you already understand!). Have a look at last year's elective brochure on the web site to get an impression of what could be on offer.

Special courses in the afternoon

In the other afternoons we offer specially designed short classes with a variety of teachers. Some of our teachers are professional actors or singers or dance-teachers and you will be surprised, how much language can be learned in one dance lesson.

Choir

You can't sing? That's no problem. This choir won't teach you singing but pronouncing. So, forget about the singing and forget about the language, simply imitate your professional choral director.

Watch a film with your teacher

Your instructor briefly introduces the film in simple Icelandic and goes through key vocabulary. Films will be in Icelandic (some have English subtitles). After the film there is time for discussion.

ActAlone theatre festival in Suðureyri

Annually in August, there is the ActAlone theatre festival in Ísafjörður with exclusively one-man's plays. Find more information on www.actalone.net

Gísla Saga and Classical Icelandic

Please note that directly after the Advanced Icelandic Course starts a one week course in Gísla Saga and Classical Icelandic, that could be a nice extension. All information on www.UWestfjords.is
